Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

STUDY NOTE 1 - Controller General Of Accounts

"Cost drivers are the structural determinants of the cost of an activity, reflecting any linkages or interrelationships that affect it". Therefore we could assume that the cost drivers determine the cost behavior within the activities, reflecting the links that these have with other activities and relationships that affect them.
