Card counting is a casino card game strategy used primarily in the blackjack family of casino games to determine whether the next hand is likely to give a probable advantage to the player or to the dealer. Card counters are a class of advantage players, who attempt to decrease the inherent casino house edge by keeping a running tally of all high and low valued cards seen by the player.

A few months back, we gave seed counting a try with some fun summer fruit but wanted to try and change it up a little bit for this week's theme.. We did just that by adding dice and turning it into a fun roll and count game. All you have to do is print off the dice, put it together using either glue or tape, grab the apple printable and something to use as seeds and get counting.
