evidence into better priority setting. The Disease Control Priorities Project aimed to promote and support the use of economic evaluation for priority setting at both global and national levels. In DCP3, the aim has been further clarified by including a concern for equity – fair distribution – and financial risk protection.

### **Disease Control Priorities Third Edition Is Published: A**

Disease Control Priorities, third edition (DCP3) builds upon the foundation and analyses of the first and second editions of Disease Control Priorities (DCP1 and DCP2) to further inform program design and resource allocation at global and country levels by providing an up-to-date comprehensive review of the effectiveness of priority health interventions.
