§74.5. Academic Achievement Record (Transcript). (a) The commissioner of education shall develop and distribute to each school district and institution of higher education the state guidelines for a common academic achievement record and coding system for courses and instructions for recording information on the academic achievement record.

**19 TAC Chapter 74, Subchapter A - Texas Education Agency**

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...
