Ninth grade, freshman year, or grade 9 is the ninth post-kindergarten year of school education in some school systems. Ninth grade is often the first school year of high school in the United States, or the last year of middle/junior high school. In some countries Grade 9 is the second year of high school. Students are usually 14–15 years old.

English Language Arts Standards Download the standards Print this page The Common Core State Standards for English Language Arts & Literacy in History/Social Studies, Science, and Technical Subjects (the standards) represent the next generation of K–12 standards designed to prepare all students for success in college, career, and life by the time they graduate from high school.

English Language Arts Standards | Common Core State

Metrology is the science of measurement. It establishes a common understanding of units, crucial in linking human activities. Modern metrology has its roots in the French Revolution's political motivation to standardise units in France, when a length standard taken from a natural source was proposed. This led to the creation of the decimal-based metric system in 1795, establishing a set of ...
