Advising the nation / Improving health - NACNS

An overview of NCSL's 2010 seminar â€œPolicy Options to Improve the Health of Women of All Ages". Provides a list of policy options available to states for improving women's health in areas such as chronic disease, coverage and access to care, and maternal and reproductive health.

Improving Women's Health: State Policy Options

A health system, also sometimes referred to as health care system or as healthcare system, is the organization of people, institutions, and resources that deliver health care services to meet the health needs of target populations.. There is a wide variety of health systems around the world, with as many histories and organizational structures as there are nations.
