Note: If you're looking for a free download links of Building Microservices pdf, epub, docx and torrent then this site is not for you.

### **Building Microservices - Ebook pdf and epub**

Microservices are the next big thing in designing scalable, easy-to-maintain applications, making app development easier and providing great flexibility in utilizing various resources optimally. This course is divided into three modules and each module is a mini-course in its own right, helping you enhance your knowledge.

### **Building a High-Performance Reactive Microservices**

Microservices architecture is the current state of the art in application development, enabling developers and architects to keep pace with the demand for new apps and better performance across distributed experiences, a plethora of mobile devices, and the emergence of the Internet of Things.

### **Building Microservices: Free Ebook from O'Reilly and NGINX**

Now, before I tell you about microservices, letâ€™s see the architecture that prevailed before microservices i.e. the Monolithic Architecture. In layman terms, you can say that its similar to a big container wherein all the software components of an application are assembled together and tightly packaged.
