Performance Management Topic Gateway Series 3. Definition and concept . Performance measurement has been widely defined in the wealth of literature on this subject.

### **Performance Measurement - CIMA**

Performance measurement is the process of collecting, analyzing and/or reporting information regarding the performance of an individual, group, organization, system or component. Performance measurement is not a new concept, some of the earliest records of human activity relate to the counting or recording of activities. Definitions of performance measurement tend to be predicated upon an ...
