

nursing research pdf

Nursing research is research that provides evidence used to support nursing practices. Nursing, as an evidence-based area of practice, has been developing since the time of Florence Nightingale to the present day, where many nurses now work as researchers based in universities as well as in the health care setting.. Nurse education places focus upon the use of evidence from research in order to ...

Nursing research - Wikipedia

CHAPTER 1 Development of Nursing Research 5 contended that this goal cannot be accomplished in a single research course. So be prepared! Research will remain an important part of your nursing career.
