â€” More than ever, investing in nutrition is seen as a key development priority to benefit global well-fare. The Group of 8 (G8) of the worldâ€™s wealthiest countries has put nutrition high on its development agenda, and the United Nations Secretary-Generalâ€™s Zero Hunger Challenge includes the elimination of stunting as a goal.

IMPROVING CHILD NUTRITION - Home page | UNICEF

MATERNAL NUTRITION 3.0.1 Introduction A motherâ€™s nutrition status and health both before and during pregnancy have significant effects on the outcome of her offspring. A baby's birth weight, rate of postnatal growth and chances of survival are all influenced by the motherâ€™s health and dietary intake.

MATERNAL HEALTH AND NUTRITION

The 2016 Global Nutrition Report is an authoritative source of action-oriented nutrition knowledge that transcends politics and guides the SUN Movement in its quest to make nutrition a priority. This report continues to push the boundaries beyond previous editionsâ€™ with an optimistic message that when we work together, our collective impact can
