Ray Dalio is founder of Bridgewater Associates, the largest hedge fund in the world. In his book Principles: Work and Life, Dalio shares the guiding principles powering his success and Bridgewater's. Principles is a master class in rational thinking. The main theme is that finding truth is the best way to make decisions, and that ego, emotion, and blind spots prevent you from discovering ...

### **Summary + PDF - Principles: Life and Work, by Ray Dalio**

In computer graphics and digital imaging, image scaling refers to the resizing of a digital image. In video technology, the magnification of digital material is known as upscaling or resolution enhancement. When scaling a vector graphic image, the graphic primitives that make up the image can be scaled using geometric transformations, with no loss of image quality.

### **Image scaling - Wikipedia**

This is a collection of algorithms for sorting and searching. Descriptions are brief and intuitive, with just enough theory thrown in to make you nervous.

Learning to rank or machine-learned ranking (MLR) is the application of machine learning, typically supervised, semi-supervised or reinforcement learning, in the construction of ranking models for information retrieval systems. Training data consists of lists of items with some partial order specified between items in each list. This order is typically induced by giving a numerical or ordinal ...

The first annual "Humies" competition was held at the 2004 Genetic and Evolutionary Computation Conference (GECCO-2004) in Seattle. Entries were solicited for cash awards for human-competitive results that were produced by any form of genetic and evolutionary computation and that were published in the open literature during previous year.

Tune Machine Learning Algorithms in R. You can tune your machine learning algorithm parameters in R. Generally, the approaches in this section assume that you already have a short list of well-performing machine learning algorithms for your problem from which you are looking to get better performance.

### **Tune Machine Learning Algorithms in R (random forest case**

\$37 USD. You must understand the algorithms to get good (and be recognized as being good) at machine learning. In this mega Ebook is written in the friendly Machine Learning Mastery style that you're used to, finally cut through the math and learn exactly how machine learning algorithms work, then implement them from scratch, step-by-step.
